## During this month in Texas history - September 8, 1900

The greatest natural disaster in American history occurred in Galveston on September 8, 1900. Ships reported the progress of a giant storm across Cuba and into the Gulf of Mexico. As it neared Galveston, the city lay unprotected. There was no seawall, and the city was teeming with people who were attracted to the island's good life and growing economy. By the evening of September 8 the wind was blowing at about 120 miles per hour and a tidal wave broke over the city. Half of the city was destroyed. Thomas Edison brought his new motion picture camera to the island and recorded one of history's first newsreel films of the devastation.

Also on this date: In the year 1907, the world-famous Neiman Marcus store opened in Dallas.

## From the President:

Hello, Ladies and Welcome to the new DRT year! I feel honored and excited to be selected as your leader and will try diligently to be worthy of the title of Chapter President. I have been a member of the San Jacinto Chapter for over 30 years, but was a full-time school teacher (middle/high school Spanish and English) until 2017, so I was only able to attend the December and June luncheons for most of those years. I did serve as one of your docents one weekend a month for over 15 years, so at least I am familiar with the Log House! Needless to say, I am still learning names and trying to familiarize myself with our by-laws and parliamentary procedure!

I am thrilled to have such an awesome, supportive Executive Board to keep me on track. Our Board is a perfect combination of experience and new enthusiasm and our summer meetings have been educational and productive. We have a working calendar and a list of committees with plenty of room for every member to be involved somewhere. Please let me know if you have a skill or talent or interest in any of our many committees. We would love to involve you! All of us are volunteers doing the best we can, but many hands make light work or at least make it a bit easier and more fun!

One goal of mine is to try to involve more of our Texas History teachers in the DRT essay and art contests. I also hope we as a chapter can become more involved in the State DRT organization. There are many women all over the country doing what we do. Who knows, you might even meet some new cousins descended from the same ancestor! Sharolyn Wood met three last weekend at the District IV workshop in Crockett, Texas!

A very special thank-you to new Recording Secretary Laura Kaplan for volunteering to organize our newsletter. We still do not have a Historian, but at least we can keep you better informed through this newsletter than through my periodic emails! I am so proud of this chapter and all of the wonderful ladies who have been a part of it since 1891. God bless them and God bless you and of course, God Bless Texas!

-Beth Garrett McCarty

For our October Program:

## A HISTORY OF THE WOMEN AIRFORCE SERVICE PILOTS

In 1942, as the country reeled from the attack on Pearl Harbor, trained male pilots were in short supply. Qualified pilots were needed to fight the war. The Army also was desperate for pilots to deliver newly built trainer aircraft to the flight schools in the South. Twenty-eight experienced civilian women pilots volunteered to take those ferrying jobs. They formed the country's first female squadron late summer 1942. Between November 1942 and December 1944, 1,074 more women were trained to fly first in Houston and then moved to Avenger Field in Sweetwater, TX. Nancy Love and Jacqueline Cochran founded the two programs (Women's Auxiliary Ferrying Squadron and Women's Flying Training Detachment) that became the WASP. WASP flew every aircraft in the Army's arsenal. In addition to ferrying, they towed gunnery targets, transported equipment and non-flying personnel, and flight-tested aircraft that had been repaired before the men were allowed to fly them again. For over two years, the WASP went on to perform a wide variety of aviation-related jobs and to serve at more than 120 bases around the country. The man who championed the WASP was Army Air Forces Commanding General "Hap" Arnold. He was revered by the U.S. Congress, but in June 1944 when he sought to officially designate the WASP as members of the United States military, Congress said "no." After a protracted fight, the WASP were granted military status in 1977, thanks to a law signed by President Carter. These 1,102 Women Airforce Service Pilots flew wingtip to wingtip with their male counterparts and were just as vital to the war effort.

## Did you know...

The Sam Houston walnut tree on the Log House grounds is approximately 18 years old and grew from a walnut from the originating tree in Tennessee. One of the saplings (about four feet tall) from one of the harvested walnuts was given to Nancy Burch by Mickey Driver. Mickey's father had harvested the nuts from that original tree and grew all of the saplings that were donated. Nancy's son-in-law Barry Ward, now head of Trees for Houston, planted it.

## Report from the Memorial Park Committee:

Our Memorial Park Committee Chair, Marilyn Van Way, reports that the Memorial Park preservation program is moving along on schedule. Eastern Glades should be completed soon. The second stage of the relocation of some sports fields( and the redoing of others) has begun. The park is also having the golf course improved in preparation for the Houston Open next year. The park works in coordination with the City of Houston, The Uptown Taxing Authority, and Memorial Park Conservancy in implementing The Master Plan.

## **Early Texas Recipe**

Taken from *A Pinch of This and a Handful of That - Historic Recipes of Texas 1830-1900* published by DRT District VIII in 1988.

### **Hoe Cakes—1836**

To 1 pint of yellow cornmeal, add a pinch of salt and pour enough water over the meal to moisten it. Let stand 10 minutes. Then add boiling water until the batter will drop from the spoon. Bake in cakes on a hot griddle greased with salt pork fat. Serve hot with a pat of butter on top of each cake.

*(Hoe Cakes were called this because they were first made on a hoe over the coals in the fireplace. This was one of the recipes used by the early settlers on the way to the Republic of Texas and for many years later.)*

Did you know? Before women could vote, the men of Marble Falls elected Birdie Harwood mayor, the first woman mayor in Texas and in the United States, on December 2, 1917. In 1919, she led the Armistice Day Parade, riding sidesaddle. President Woodrow Wilson had just signed the law enacting Armistice Day, signaling an end to World War I.
